EXPERIENCE

BeyondID

Mar 2019
Present

Sr. UI/UX Designer & Front-End Developer

- Lead end-to-end UX design for enterprise identity and access management products used by global clients.
- Conduct user research, usability testing, and iterative prototyping in Figma to validate design decisions.
- Built and maintained a shared design system, improving team velocity and UI consistency.
- Collaborate with product managers, engineers, and stakeholders to define and evolve UX strategy.
- Architect and implement responsive front-end interfaces using React.js and SASS.
- Championed Auth0 consumer app implementation as a certified Auth0 specialist.
- Write clean, maintainable code adhering to team best practices and modern CSS methodologies.
- Develop, test, and troubleshoot across browsers, platforms, and devices.
